1.8 Department
Department of Highway and Railway Engineering (http://www.uvt.bme.hu)

1.9 Website
http://www.epito.bme.hu/BMEEOUVAT44

1.10 Language of instruction
Hungarian ang English

1.11 Curriculum requirements
Compulsory in the Specialisation in Structures and in the Spec. in Infrastructure Engineering

1.12 Prerequisites
Prerequisite

| Business law (BMEGT55A001) |

1.13 Effective date
September 1, 2017.
2.1 Objectives

Basic knowledge, abilities and skills in the following topics:
Land Registry in Hungary. Legal requirements and processes in construction and in civil engineering. Real estate appraisal and land valuation.

2.2 Learning outcomes

Upon successful completion of this subject, the student:

A. Knowledge
   1. will learn the basics of Public Administration and Land registry.
   2. will learn the legal and financial background of basic infrastructural projects.
   3. will learn basic case studies.
   4. will know organisations in civil engineering
   5. will learn the basics of land registry of Hungary
   6. will learn the basics of real estate appraisal by Hungarian examples

B. Skills
   1. will be able to perform basic cost-benefit analysis
   2. will be able to gain information quickly in international public administration. Will be able to identify different types of public administration.

C. Attitudes
   1. cooperates with the tutor/lecturer and with fellow students,
   2. amends his/her co-working skills
   3. continuously develops his/her knowledge
   4. recognises that during the execution of engineering processes legal and administrative bases are essential.

D. Autonomy and responsibility
   1. will be able to work autonomously and/or with individual research. Will be able to complete his/her tasks.
   2. is open to remarks and comments of teachers and fellow students.

2.3 Methods

Lectures, interactive lectures, case studies. Written and oral communication. Examples. Teamwork with short presentation of a case study.

2.4 Course outline

week Topics of lectures and/or exercise classes
1. Governance, state control at civil engineering projects.
3. The nationalization and re-construction of Chain Bridge. Public investments.
8. Land registry in Hungary.
10. Surveying activities associated with land registry. The role of land registry in civil engineering. Expropriation.
11. Legal proceedings in civil engineering. Keywords. Overview.
13. Land market and real estate market.

The above programme is tentative and subject to changes due to calendar variations and other reasons specific to the actual semester. Consult the effective detailed course schedule of the course on the subject website.

**Study materials**

b) On-line materials:
   - Lectures and slides.
   - Tests for practicing at the subject’s moodle website.
   - On-line textbook.

2.5 Other information

1) Attendance to lectures is compulsory. The credits of the subject will be refused to students missing more than four times.

2.6 Consultation

The teachers are available for consultation during their office hours, as advertised at the department website.
II. SUBJECT REQUIREMENTS

3 ASSESSMENT AND EVALUATION OF THE LEARNING OUTCOMES

3.1 General rules

The assessment of the learning outcomes specified in clause 2.2. above and the evaluation of student performance occurs via two midterm tests and a homework.

3.2 Assessment methods

<table>
<thead>
<tr>
<th>Evaluation form</th>
<th>abbrev.</th>
<th>assessed learning outcomes</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. midterm test</td>
<td>ZH1 T1</td>
<td>A.1-A.4; B.1.</td>
</tr>
<tr>
<td>2. midterm test</td>
<td>ZH2 T2</td>
<td>A.5-A.6; B.2., C.4.</td>
</tr>
</tbody>
</table>

The dates of midterm tests and deadlines of assignments/homework can be found in the detailed course schedule on the subject’s website.

3.3 Evaluation system

<table>
<thead>
<tr>
<th>abbreviation</th>
<th>score</th>
</tr>
</thead>
<tbody>
<tr>
<td>ZH1</td>
<td>35%</td>
</tr>
<tr>
<td>ZH2</td>
<td>50%</td>
</tr>
<tr>
<td>HF1</td>
<td>5%</td>
</tr>
<tr>
<td>HF2</td>
<td>10%</td>
</tr>
<tr>
<td>Sum</td>
<td>100%</td>
</tr>
</tbody>
</table>

Criterion for completion of the subject is to collect at least 50% of the total points of all the two tests. Moreover, unsatisfactory performance during the homework will lead to a final mark ‘failed’ (1) in-dependently of the result of the Test.

3.4 Requirements and validity of signature

Signature cannot be obtained.

3.5 Grading system

If the student satisfies the attendance criteria, his/her mark will be determined as follows. The mid-semestre result will be determined on the basis of the two tests and the homework. The final mark is calculated on the basis of the weighted average of the tests and homework (with the weights shown in the table of Section 3.3).
### 3.6 Retake and repeat

1) The homework can be submitted with delay till a pre-defined date – usually one week later – by paying a fee.

2) The homework submitted and accepted can be amended till the pre-defined deadline without paying a fee.

3) The two midterm tests can be repeated – without fee – at a previously determined date given in the course schedule. One midterm test can be repeated twice by paying a previously defined fee.

### 3.7 Estimated workload

<table>
<thead>
<tr>
<th>Activity</th>
<th>hours/semester</th>
</tr>
</thead>
<tbody>
<tr>
<td>Contact hours</td>
<td>14×2=28</td>
</tr>
<tr>
<td>Preparation for the courses with Homework 2.</td>
<td>14×3=42</td>
</tr>
<tr>
<td>Preparation for the tests</td>
<td>2×8=16</td>
</tr>
<tr>
<td>Homework 1.</td>
<td>4</td>
</tr>
<tr>
<td><strong>in total</strong></td>
<td><strong>90</strong></td>
</tr>
</tbody>
</table>

### 3.8 Effective date

September 1, 2017.
