

Surveying ME– BMEEOAFM201

General information

1. The lecturer is Dr. Bence TAKÁCS. Please contact by e-mail: takacs.bence@emk.bme.hu or mobile phone: +36302578981. Consultation is upon request. The course is maintained by the Department of Geodesy and Surveying, which belongs to the Faculty of Civil Engineering.
2. Lectures will be held on Tuesdays; they start at 12:15 and finish at 2 pm with a 15-minute break in the middle. The classroom is located in building K, on the ground floor, its number is 27. The entrance is located on the upper ground floor level, find door number 26. Go downstairs and turn to the left.
3. Detailed course programme as well as other training materials are available in the education system (moodle) of the Faculty of Civil Engineering (<https://edu.epito.bme.hu/>). After logging in, please go to the current semester (the English one), then click on the Department of Geodesy and Surveying and finally on the course of Surveying ME. You need your eduID username and password to log in.
4. Two tests are held to evaluate learning outcomes. Dates are available in the detailed course programme. The final grade is calculated as the average of the two tests if both tests have at least 'pass' (50%) results. If someone would like to get a higher grade, they need to have an oral retake during the resubmission period (12 to 16 December).
5. Students who failed one of the two tests or didn't manage to attend one of them need to have an oral retake during the resubmission period (12 to 16 December). Details will be announced at the end of the semester. Keep in mind that only one of the two tests can be retaken.

Budapest, 4 September 2022

Dr. Bence Takács
Associate professor, lecturer
