Surveying ME– BMEEOAFM201

General information

1. The lecturer is Dr. Bence TAKÁCS. Please contact by e-mail: takacs.bence@epito.bme.hu or mobile phone: +36302578981. Consultation is upon request. The course is maintained by the Department of Geodesy and Surveying and Faculty of Civil Engineering.

2. Lectures will be held on Tuesdays, they start at 12:15 and finish at 2 pm. According to the recent rules introduced due to the pandemic situation, lectures will be held online using MS Teams. Online lectures will be recorded and made available for students in MS Teams. Please find the team of this course under the link: https://teams.microsoft.com/l/team/19%3ac44986336e274a0488de76133e8ee9a9%40thread.tacv2/conversations?groupId=e05b6b1d-e658-4d90-bcdd-2eb60a9a318c&tenantId=6a3548ab-7570-4271-91a8-58da00697029

3. Detailed course programme as well as other training materials are available in the education system (moodle) of the Faculty of Civil Engineering (https://edu.epito.bme.hu/). After logging in, please go to the current semester (the English one) then click on the Department of Geodesy and Surveying and finally on the course of Surveying ME. You need your eduID username and password to log in.

4. Two online tests are held to evaluate learning outcomes. Dates are available in the detailed course programme. The final grade is calculated as the average of the two tests if both tests have at least ‘satisfactory’ (50%) results. If someone would like to get a higher grade, they need to have an online oral retake during the resubmission period (14 to 18 December).

5. Students who failed one of the two online tests or didn’t manage to attend one of them, need to have an oral retake during the resubmission period (14 to 18 December). Details will be announced at the end of the semester. Keep in mind that only one of the two tests can be retaken.

Budapest, 7 September 2020

Dr. Bence Takács
Assocciate professor, lecturer
